

# Sponsors of 2013 PHEE Annual Conference

**IET** The Institution of  
Engineering and Technology

**Professional Home for Life<sup>®</sup> for Engineers and Technicians**

# Supporting students on campus

- Student membership
- Society sponsorship
- Careers fairs
- Conferences
- Presentations
- Students events.

# Schools outreach

- Faraday engineering challenge
- Hands-on experience for school pupils aged 12-13
- Opportunity to get involved by attending and assisting on the day.

# Assisting with Accreditation

- Ethics - a requirement of the UK Standard for Professional Engineering Competence (UK-SPEC) which must be addressed in IET accredited courses
- Exclusively for Academic Partners – an annual day course to assist with the teaching of ethics and aspects of accreditation that prove most challenging.

# Networking opportunities

- Annual Partnership Event with Academic Partners and Corporate Partners
- Round table event involving senior industrialists and university vice chancellors on STEM topics.
- My Partnership Community.

# Policy

- The IET represents the views of its members on a wide range of professional and technological issues
- Submissions are made each year to UK Government, UK Devolved Administrations, Parliamentary Committees, other agencies and the European Commission
- Academic Partners receive regular communications of UK Government Consultations
- Opportunity for IET Head of Policy visit.

# Recognition through professional registration

- Student technician registration
  - Industrial work experience
  - Improving graduate employability
- Chartered Engineer (CEng) for Academics
  - Demonstrating your commitment to professional standards

# Fellowship

- Fellowship of the IET is for individuals who have demonstrated sustained achievement in their profession
- Many senior academic staff may be eligible to apply for IET Fellowship
- Academic Partner pre-assessment.

Exceptional experience.  
Worthwhile recognition.
