

Annual Recruitment and Admissions Forum

4th November, 2013

10:00-16:00

How was student recruitment across the UK this autumn?

Hear the results of the 2013 EPC enrolment survey and the latest UCAS statistics.

Hear about the importance of accreditation.

What's changing in pre-university education?

Get the latest on all the changes in qualifications coming in the next few years and the emerging differences between qualifications in the devolved administrations.

How can you effectively and efficiently promote engineering to your local schools and colleges?

Discover how you can link up with STEMNET, the Further Maths Support Programme and the Big Bang Near Me who are already working with prospective engineering students.

Find out how Chemical Engineering more than tripled its applications in 10 years.

This is an essential event for Admissions Tutors, university Heads of Recruitment and Admissions, Science Outreach Officers and all of those interested in the recruitment of students to engineering in higher education.

Venue: Institution of Civil Engineers
1 Great George Street, London SW1P 3AA

Registration fee:

£60 (non members)/£50* (members)

*20% members' discount for multiple bookings from same institution

For bookings:
