

Student Women Engineers 2 Day Conference

Brought to you by the Women's Engineering Society
in association with Aston University

- Technology insights
- Networking reception and dinner
- Personal development workshops
- Industry panels covering career insights and tips in chemical, civil and environmental, design and mechanical, electronics and computing

Join 150 women engineering students for two days to be inspired by each other and by professional engineers. The programme offers a mix of personal development sessions with insights into emerging technologies.

Chat informally over dinner with early/mid career engineers from different companies including: JLR, EDF Energy, Morgan Sindall, Arup, BBC, Malvern Instruments, Selex ES, GE Energy, Katalytik.
