

Engineering Professors' Council

The representative body for engineering in UK higher education

Engineering Professors' Council Annual Recruitment and Admissions Forum 10th November, 2014 10:00-16:00

Outreach activities and contribution to recruitment

Primary Engineer and Fab Lab: make some new contacts. Hear from member universities on their approach to outreach

How was student recruitment across the UK this autumn?

Hear the results of the 2014 EPC enrolment survey and the latest UCAS statistics

Is the opportunity to gain work experience while studying increasingly important in recruiting students? How do we make it happen?

Swap experiences on employer engagement and developing placements

Latest from the HEFCE postgraduate funding pilots and the Perkins Review's postgraduate specialist skills work

Opportunity to share experiences and ideas with other Admissions Tutors

This is an essential event for Admissions Tutors, university Heads of Recruitment and Admissions, Placement Officers and all of those interested in the recruitment of students to engineering in higher education

Venue:

Institution of Mechanical Engineers
1 Birdcage Walk, London, SW1H 9JJ

Registration fee:

£60 (non members)/£50*(members)

*20% members' discount for multiple bookings from same institution

For bookings:

<http://epc.ac.uk/events/recruitment-and-admissions-forum/>
